

# Community Model Inquiry Wall

## Setup Guide

Every classroom approaches the Community Model Inquiry Wall in their own way. These samples are intended to spark ideas, not represent a right way to do it! Your wall may be simple, showing the idea of a town with symbols, or you may opt to showcase student creativity with a more elaborate project.

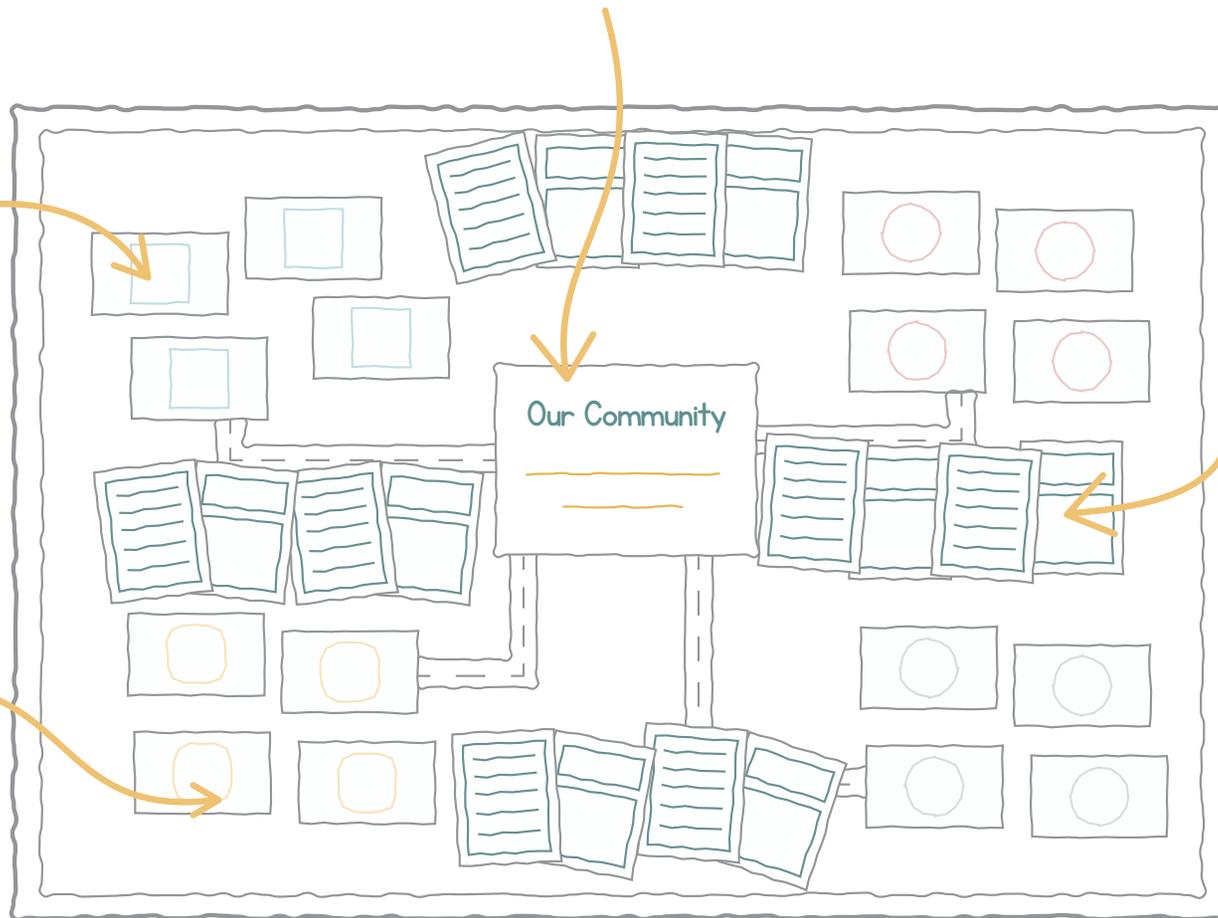

### Community Name

### Community Feature Symbols

Each student creates a symbol to represent their group's chosen community feature.

### Community Features

Groups place their symbols in their own distinct clusters.

### Producer Plans

"Meeting Our Community's Needs or Wants"

Producer Plans are 2 pages. Decide if you will display one or both pages and print accordingly.
